HOW TO ORDER:

1. Choose the appropriate profile number, material thickness and finish.
2. Should COLORBOND® be required, nominate which side the colour is to be.
3. Identify the measurement for each letter shown.
4. Identify the angle where applicable.
5. Specify direction for tapered flashings.
6. Advise the quantity and length applicable to each profile.

FLASHINGS

* USE COLOUR CODE WHERE ## APPEARS
MAX. LENGTH 8000mm, MAX. WIDTH 1200mm

- Squash folds are charged as 2 bends
- Flashings are made and charged in various increments

METROLL KEY TERMS OF SALE

By placing an Order, the Customer accepts Metroll's Terms and Conditions of Sale (Terms of Sale), subject to any changes agreed in writing. Set out below are summaries of some of the key Terms of Sale. The full Terms of Sale should be reviewed prior to placing an Order and are available on Metroll's website, www.metroll.com.au. Unless otherwise defined below, capitalised terms used below have the same meaning as set out in the Terms of Sale.

The Supplier may make an estimate of dimensions and quantities of Goods based on information provided by you. Any such estimate is provided to the Customer as indicative only and the Supplier is not responsible for any mistakes in the estimate nor for verifying the accuracy of the Customer Material. The Customer must check any estimate and, in any event, accepts full responsibility for calculating the dimensions and quantities of Goods in an Order without reliance on any estimate provided by the Supplier (whether in the Quotation or otherwise). The Supplier, to the extent permitted by law, accepts no liability for any loss, damage, costs or expense (including, without limitation, rectification costs) incurred by the Customer or by any third party as a result of the Customer Material being inaccurate or incorrect.

If the Customer requires Goods for a particular purpose, that purpose and any related requirements, and the Supplier's agreement that the Goods will meet those requirements, must be agreed in writing in the Special Conditions. If the Customer does not specify the particular purpose and/or the Supplier does not expressly agree in writing that the Goods will be fit for the particular purpose, then the Customer agrees that it did not rely on the skill or judgment of the Supplier as to the suitability of the Goods in an Order for a particular purpose.

Where the Customer has a commercial credit account with the Supplier, invoices are due and payable on the last working day of the month after the month in which the Goods were delivered (or such other date agreed by the parties in writing).

Subject to any change in the Price made by the Supplier in accordance with the Terms of Sale, any variation to a Contract must be agreed between the parties in writing prior to the amended Goods being supplied, including any changes in Price to reflect the amended Goods. Unless agreed in writing by the parties, the Customer may not cancel an Order (or any part of an Order) once accepted by the Supplier, and, subject to clause 8 of the Terms of Sale, delivered Goods cannot be returned. Unless agreed in writing by the parties, the Customer may not suspend an Order (or any part of an Order) or delay or defer delivery of Goods. The Customer may not request the cancellation of an Order or (subject to clause 8) the return of Goods, where the Goods (or the Goods the subject of the Order) have been specifically produced, processed, manufactured or purchased by the Supplier at the Customer's request.

The Customer will pay for all costs associated with delivery of the Goods, unless otherwise agreed in writing.

Any period or date for delivery provided by the Supplier is an estimate only and is not a contractual commitment. The Supplier will not in any circumstances be liable for any loss or damage suffered by the Customer or any third party for failure by the Supplier to meet any estimated period or date for delivery of the Goods.

Unless agreed in writing prior to delivery, unloading of all Goods shall be the Customer's responsibility and the Supplier will not be responsible for any damage from the unloading of the Goods by the Customer or by anyone on its behalf, including, amongst others, by the Supplier's employees, agents or contractors.

Unless agreed in writing prior to delivery, unloading of all Goods shall be the Customer's responsibility and the Supplier will not be responsible for any damage from the unloading of the Goods by the Customer or by anyone on its behalf, including, amongst others, by the Supplier's employees, agents or contractors.

The Customer must inspect the Goods promptly after delivery and must notify the Supplier in writing by the earlier of (i) 24 hours after delivery to a construction site or 48 hours after delivery elsewhere, or (ii) the time that the Customer deals with the Goods, of any claim that the Goods (in whole or in part) are not in accordance with the Contract, including relevant details. If a notice is given, (a) the Customer must allow the Supplier to inspect the Goods the subject of the claim, including allowing reasonable access to the site to inspect the Goods and (b) the Customer must leave the Goods in the place, state and

condition in which they were delivered until the Supplier has inspected the Goods. If after the Supplier has inspected the Goods, the Supplier reasonably determines that: (i) those Goods are damaged; and (ii) the Customer did not damage those Goods or fail to take reasonable steps to prevent those Goods from being damaged on or following delivery or collection (including, but not limited to, on processing or installation); or (iii) those Goods are otherwise incorrect for the Contract, the Supplier may reclaim the Goods and the Customer is entitled to, at the option of the Supplier, one or more of the following: (iv) the replacement of those Goods or the supply of equivalent Goods; (v) the repair of those Goods; (vi) the payment of the cost of replacing those Goods or acquiring equivalent goods; or (vii) the payment of the cost of having those Goods repaired.

Until such time as the Customer has made payment in full for the Goods and until such time as the Customer has made payment in full of all other money owing by the Customer to the Supplier: (a) title in the Goods does not pass to the Customer. The Customer acknowledges that by agreeing to the Terms of Sale, the Customer grants a security interest to the Supplier in all Goods (and their Proceeds) supplied by the Supplier to the Customer (or to its account) now or in the future. For the avoidance of doubt, the Supplier's interest constitutes a 'purchase money security interest' pursuant to the PPSA.

Subject to other clauses of the Terms of Sale, any liability of the Supplier for any loss or damage, however caused (including by the negligence of the Supplier), suffered or incurred by the Customer in connection with a Contract is limited to the sum paid to the Supplier by the Customer in respect of the component of the Order under that Contract subject to dispute. The Supplier is not liable for any Excluded Loss, however caused (including by the negligence of the Supplier), suffered or incurred by the Customer in connection with a Contract or these Terms of Sale.

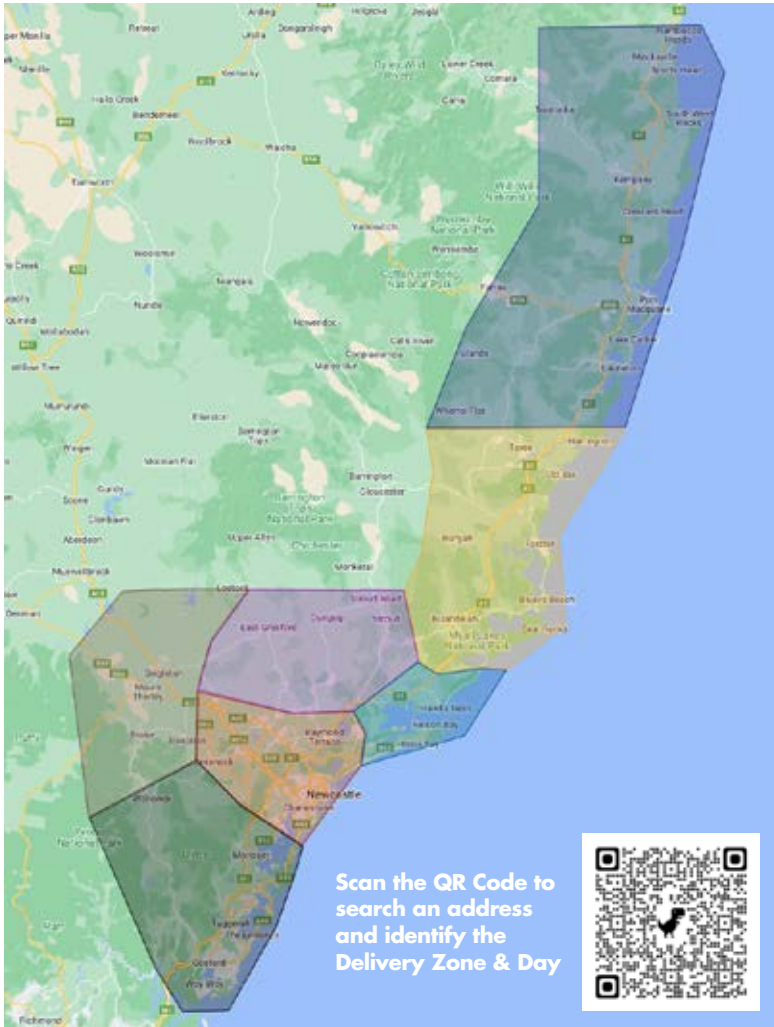

If the Competition and Consumer Act 2010 (Cth) or any other legislation provides that there is a guarantee in respect of any Goods supplied in connection with a Contract with a Customer and the Supplier's liability for failing to comply with that guarantee cannot be excluded but may be limited, the limitations above do not apply to that liability and instead the Supplier's liability for such failure is limited to, in the case of a supply of Goods, the Supplier replacing the Goods or supplying equivalent Goods.

Except as agreed in writing in the Special Conditions, the Customer confirms and warrants to the Supplier that it has not and will not rely on: (a) representations made and/or advice given by the Supplier or its employees in connection with the design, dimensions, installations or use of Goods sold and agrees that the Supplier shall not be liable for the consequences of any mistakes in such representation or advice even if made or given negligently.

The provisions of clause 28 of the Terms of Sale will only apply to a Contract made between the Supplier and a Customer who is either a Consumer or a Small Business (each a CSB Customer) or, in relation to any provision concerning a Customer with a commercial credit account (which are not available to Consumers) a Customer that is a Small Business (an SB Customer). To the extent of any inconsistency between other provisions of the Terms of Sale and the provisions of clause 28 of the Terms of Sale, the provisions of clause 28 shall prevail in relation to a Contract with a CSB Customer or an SB Customer.

The Terms of Sale shall apply to every Contract between the Supplier and the Customer. Any terms and conditions of the Customer's Order or of any other document of the Customer's deviating from or inconsistent with the Terms of Sale are expressly rejected by the Supplier. For the avoidance of doubt, the Customer understands and agrees that the Terms of Sale will prevail over, and the Supplier will not be bound by, any terms or conditions (express or implied) added or provided by the Customer, whether in an Order or otherwise, unless otherwise agreed in writing by the Supplier (including in the Special Conditions).

SURCHARGES

Stock items may be returned for credit under the following conditions:

- When the customer returns goods to Metroll a restocking fee of 20% (\$40 minimum) is applicable.
- Where Metroll has to pickup & return goods, Standard Delivery Charges plus a re-stocking fee of 20% (\$40 minimum) are applicable.
- Cut-To-Length or specially purchased products are not returnable.

METROLL VEHICLE LOADING GUIDE

The drivers vision **MUST NOT** be obstructed

A 300mm square bright flag is required on any overhang that cannot be easily seen and is mandatory over 1200mm.

SECURE YOUR LOAD

Roof Racks must be secure
Max of 40kg
Check the Lashing Angle, the more upright = the more secure

Avoid Low Friction surfaces
E.g. Steel on Steel,
Plastic on Plastic,
Plastic on Steel

Min. 2 Lashings per stack for items longer than 750mm
Place wood or rubber between items

Never leave extended loads loose
Always secure ends FRONT & BACK

Round & Loose Loads require belly wrapping and extra restraints

Vehicles considered inappropriate cannot be loaded.
Your safety is our concern.

This information is a guideline only. Compliance with applicable laws and standards remains your responsibility.

Metroll Newcastle will do their best to meet the requirements of a timed delivery, arriving as near to the designated time as possible.

METROLL NEWCASTLE

268 Macquarie Road, WARNERS BAY, NSW 2282

Phone: 02 4954 5799

Email: sales@metrollmetal.com

SITE ACCESSIBILITY

Should Metroll Newcastle deem that the site is inaccessible it will be the customer's responsibility to nominate an alternative site or arrangements for the material to be unloaded. To avoid problems where difficult sites exist, Metroll recommend the customer contacts the Transport team to discuss the site and assess the accessibility prior to delivery.

TERMS & CONDITIONS OF SALE

Any sale of goods is subject to Metroll's standard Terms of Sale. A summary of key items is included in this brochure. The full Terms of Sale may be accessed on Metroll's website at www.metroll.com.au.

LIMITATIONS

- Delivery times are within daylight hours. Due to delivery sizes and inconsistencies, exact delivery times cannot be guaranteed.
- Delivered to kerb side (with limited exceptions for rural/remote areas). The road must be clear of vehicles and if traffic control is required this must be communicated to the transport team.
- If the driver feels a site is unsafe, dangerous or will cause damage to the customer's property or Metroll's truck, the driver has the right to abort the delivery and their decision is final. If the order is returned to Metroll a new delivery location must be agreed upon before a new date is set. The second delivery is at the customer's expense and will incur a second delivery charge.
- Metroll does not have 4WD capabilities and will not drive on grass or unsealed roads.
- No goods will be loaded on to other vehicles, plant equipment, roof tops, inside a building or over fences.
- No overhang is allowed on rigid trucks. Lengths up to 9m only.
- The customer must be on site to visually check all products are delivered and sign the delivery slip.
- Deliveries require a large, flat area to unload. Hiabs will not operate on slopes greater than 5°.
- Hiabs do not allow lift of product over 13.5m long. Customers must make alternative arrangements for items longer than 13.5m, e.g. crane, forklift or franna.
- Metroll drivers make every attempt to safely deliver goods, but delivery cannot be guaranteed due to unforeseen circumstances on a site. To assist Metroll with safe and successful delivery please ensure your site has clear and safe accessibility and that driveways can accommodate truck weights of 15 tonne.
- If there are any concerns regarding delivery please contact our office.
